**REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 C.F.R. §1.322**

Assistant Commissioner of Patents  
Washington, DC 20231

Sir:

Applicant hereby requests a Certificate of Correction be issued for the above-identified patent, which includes the following corrections:

**ON THE COVER:**

“(22) Filed: Mar. 3, 2004”

to

-- (22) Filed: Mar. 30, 2004 --

**REMARKS**

SEP 18 2004

It has come to the attention of the Applicant that the above-identified patent includes a mistake of a clerical or typographical nature and/or of minor character. Applicant respectfully requests that a Certificate of Correction be issued for this patent which corrects the above-identified mistake. Attached hereto is a complete form PTO/SB/44 which corrects all of the above-noted mistakes in the above-identified patent. *No fee is believed to be due.*

These mistakes occurred in good faith, without any deceptive intent. In particular, the corrected mistakes indicated herein resulted from typing errors and/or inadvertent data entry errors on the part the U.S. Patent and Trademark Office. As can be readily seen from the Official Filing Receipt (copy attached), the filing date "March 3, 2004" should have been -- March 30, 2004 --.

The corrections noted above do not introduce new matter. Moreover, the corrections above may be made without substantive reexamination of the type undertaken in reissue and statutory reexamination proceedings. In view of the above comments, and the nature of the above corrections, Applicant believes this request fully complies with 35 U.S.C. §254 and 37 C.F.R. §1.322. Thus, Applicant respectfully requests issuance of a formal Certificate of Correction for the above-identified patent.

\* \* \*

If there are any questions regarding this Request, please feel free to contact the undersigned.

Respectfully submitted,

  
David J. McCrosky

FILING RECEIPT

\*OC000000012903278\*

COPY

Date Mailed: 06/08/2004

Receipt is acknowledged of this regular Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Filing Receipt Corrections, facsimile number 703-746-9195. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Title

Fishing line guide mechanism for a spinning reel and method of manufacturing the same

Preliminary Class

SEP 18 2006

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
